Part 2 — Business operations statement

For Google Ads advertiser verification (Individual payments profile). Use this document or copy the sections below into Google's free-text fields.

Who is advertising

I, **Prakash Motekar**, am the individual who pays for Google Ads and operate the taxi / outstation cab service advertised online. My father's name (as on government records) is **Malleshappa**. My address on transport documents is **#16/4 Dasi Chawl Ramesh Bhavan, Keshwapur, Hubballi (Hubli), Dharwad, Karnataka 580023**.

What is being advertised

The advertisements promote **outstation and local taxi services** under the trade name **Omkareshwar Travels**, marketed through the website **https://omkareshwartravels.com**. The site is used for enquiries and bookings via phone and WhatsApp; I personally handle customer enquiries and assign trips.

How the business is operated

- I hold a valid Karnataka **Tourist / Motor Cab Permit** (Permit No. **KA2025-TVP-5012A**, valid 04-Nov-2025 to 03-Nov-2030).
- I own and operate registered motor cabs used for the advertised service, including **KA26B4279** (Maruti Tour S) and **KA25AB6468** (Maruti Ertiga), both class **Motor Cab** as shown on the registration certificates submitted separately.
- Service area is based in **Hubballi (Hubli), Karnataka**, with outstation trips across Karnataka, Goa, and other routes permitted under my tourist permit.
- Customer contact on the website matches my operational contact: **+91 91106 21188** and **omkareshwaratravels@gmail.com**.

Relationship between advertiser and advertised business

Omkareshwar Travels is the customer-facing name for my individual taxi operation. I am the permit holder, vehicle owner, and the person who runs day-to-day bookings and trips. There is no separate company entity on the payment profile; the website and ads represent my licensed motor cab business.
